

Charlotte Perriand® **OSPITE**

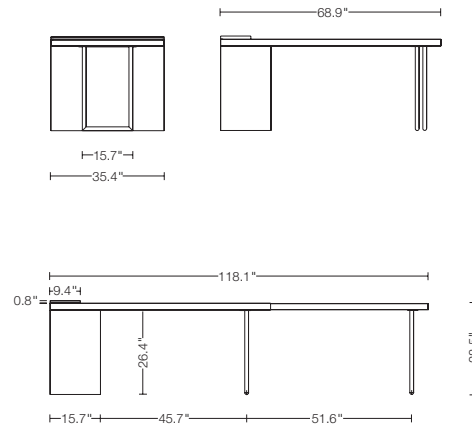

516

516 OSPITE Charlotte Perriand

Designed 1927

Table, extendable to the desired length (maximum 118.1"), by slide-in panels on special support glides. The table is composed of three elements: • double trestle in chromed steel at one side of the base • rectangular unit in matt white painted wood, to contain the sliding panels, at the opposite side • top covered in washable, black special material.

Identifying marks and production numbers

Each piece of furniture in the "Cassina I Maestri" Collection is indelibly marked with: • the signature of the Author, whose copyright belongs to his heirs or trustees, the use of which has been granted exclusively to Cassina and which in the form of a trade mark, certifies the authenticity of the furniture; • the "Cassina I Maestri" logotype, which incorporates the Author's emblem as used by him as identification on his drawings; • the production number which serves to place the item in the chronology of production, and tallies with the "Identity Card" (which bears the same number). This shows that a final quality check has been carried out, and allows the Heirs' control as far as compliance with copyright is concerned. The red arrow on the drawings shows where the trademark and the serial number are branded.
